# SUN VALLEY & KETCHUM

## 250 DAYS OF SUNSHINE

Sun Valley has a laid back classiness that comes naturally from its history of hospitality. Coined Sun Valley by a PR agent because of its 250 days of sunshine it has become the home of firsts. First olympic gold metal awarded to a winter female athlete, first resort, and first chairlift. They based the design of the chairlift from a machine that lifted bananas into ships from Panama. When you first arrive by RV you will quickly notice that Ketchum, the neighboring town, is where the action is! Shopping, entertainment and good eats.

## WHERE TO STAY WITH YOUR RV

Before you arrive look up Public Land (free), Dispersed Camping (cheap), and RV Parks (moderate) to get an idea for everything that is available in the area. We would have liked to stay at Boundary Campground, \$10 dry camping with firepits and a primitive bathroom. Close to bike paths, hiking and the SV Resort. We stayed at Meadows RV because it was close to town and we needed full hook ups.

## DOWNHILL MT. BIKING - FLY FISHING - HIKING

- Bald Mountain - hike or downhill bike (free chairlift down)
- Corral Creek - easy 6.5 mile hike - out and back that can be cut short if needed (dog friendly)
- Fox Creek - moderate 5.3 - out and back - (dog friendly)
- Pioneer Cabin Trail - difficult 8 miles steep climb (dog friendly)

## WHERE TO EAT

## TEEN FRIENDLY TOWN - DATE - TEMP

Ketchum is the town to hang out, shop and grab a meal. Your teens will love it too! There is a great skate park, pump track, bike paths as well as a YMCA for workouts and more.
